

SUPPORTED PATHWAYS LEARNING CENTER

CLIENT-DIRECTED SERVICE

- We believe all students deserve education from instructors who understand, respect, and empower them.
- Our Learning Center students know they are valued for who they are by highly trained staff who provide small-group instruction and individualized attention.

ASHLEY LUEBKE
Instructor

Teaching philosophy:

- I believe education is about much more than mastering academic content. While strong instruction provides the foundation for learning, I believe the classroom should also prepare students with the skills, confidence, and resilience they need to succeed in life beyond school. Every student deserves an environment where they feel safe, respected, valued, and empowered to grow.

Background:

- I have over twenty years of experience teaching and tutoring. I hold a Master of Arts in Education with a certificate in Autism from Ball State University and an RBT certificate.

Teaching philosophy:

- I believe education should not only address academics, but also life skills, social-emotional growth, and self-advocacy. I am committed to building trust, nurturing confidence, and creating a safe space where everyone feels seen, valued, and capable. I want my students to believe in themselves as much as I believe in them!

Background:

- I worked as a tutor and paraprofessional in a self-contained special-education classroom coming to Partners in Autism as an ABA Behavior Technician. I hold my paraprofessional and registered behavior technician certificates.
